

The publications about EPN from Bulgaria:

1. Shishiniova, M., Budurova, L., Gradinarov, D. 1997. Contribution to the fauna of the entomopathogenic nematodes (Rhabditida: Steinernematidae, Heterorhabditidae) from Bulgaria I. *Biotechnology & biotechnological Eq.* (1): 45 – 51.
2. Shishiniova, M., Budurova, L., Gradinarov, D. 1998. Contribution to the fauna of the entomopathogenic nematodes (Rhabditida: Steinernematidae, Heterorhabditidae) from Bulgaria II. *Biotechnology & biotechnological Eq.* 12(1): 104-109.
3. Shishiniova, M., Budurova, L., Gradinarov, D. 1998. *Steinernema carpocapsae* (Weiser, 1955) (Nematoda, Rhabditida) - new species for entomopathogenic fauna of Bulgaria. *Exp. Pathology and parasitology* 1: 30-35.
4. Shishiniova, M., Budurova, L., Gradinarov, D. 1999. *Steinernema bicornutum* Tallosi, Peters & Ehlers, 1995 (Nematoda, Rhabditida) - new species for entomopathogenic fauna of Bulgaria. *Biotechnology & biotechnological Eq.* 13(2): 92-95.
5. Gradinarov, D., M. Shishiniova, L. Budurova 2000. Entomopathogenic nematodes from family Steinernematidae in Bulgaria - distribution in natural ecosystems and hosts. *Acta Entomol. Bulg.* (1): 34-39.
6. Shishiniova, M., Budurova, L., Gradinarov, D. 2000. Entomopathogenic nematodes of the fam. Steinernematidae and Heterorhabditidae (Nematoda, Rhabditida) in Bulgaria. In: *Insect Pathogens and Insect Parasitic Nematodes, IOBC wprs Bulletin*, 23(2): 75-78.
7. Mutafchiev, J., Gradinarov, D. 2003. Entomopathogenic Nematodes of the Families Steinernematidae and Heterorhabditidae (Rhabditida) in the Vicinity of the Zheleznitsa Village, Vitosha Mt., Bulgaria. *Acta Zoologica Bulgarica*, 55 (2): 67-74.
8. Gradinarov, D. (2003) New Natural Hosts of Entomopathogenic Nematodes (Rhabditida: Steinernematidae, Heterorhabditidae) from Bulgaria. *Acta Zoologica Bulgarica* 55 (3): 59-64.
9. Gradinarov, D. (2003) The second spicules type of *Steinernema bicornutum* (Nematoda: Steinernematidae) – an atavistic sign, showing the evolutionary connection with *Neosteinernema*? *Acta Zoologica Bulgarica*, 55 (3): 55-58.
