

## Literature list A. Ester

### Publications

#### 2006

Ester, A. & H.F. Huiting. Controlling wireworms (*Agriotes* spp.) in a potato crop with biologicals. IOBC. Locorontondo, in press.

#### 2005

Ester, A., H.F. Huiting and K. van Rozen. Slug parasitic nematodes in vegetable crops. In: *Insect Pathogens and Insect Parasitic Nematodes*. IOBC/WPRS Bulletin 28 (3): 39 – 42.

Ester, A. & M.J. Wilson. Application of Slug-parasitic nematodes. In: P.S.Grewal, R.-U. Ehlers and D.I. Shapiro-Ilan (Eds), *Nematodes as Biocontrol Agents*, CABI, Guildford pp.431-444.

Huiting, H., K.van Rozen and A. Ester. Slakken ‘verdienen’ veel aandacht. *Groenten & Fruit*. 28: 30 – 31.

Huiting, H., K. van Rozen and A. Ester. Slakken “verdienen” veel aandacht. *Groenten & Fruit*.28: 30 – 31

#### 2004

Ester, A., M. Arkema, R. Gruppen, A. Hazendonk, M.Huisman, H. F. Huiting, K. van Rozen en M.E.T. Vlaswinkel. Bestrijding slakken met molluscofage nematoden. *Gewasbescherming*. 34:1 – 5.

#### 2003

Ester, A., H.F. Huiting, L.P.G. Molendijk and M.E.T. Vlaswinkel. The rhabditid nematode *Phasmarhabditis hermaphrodita* Schneider as a potential biological agent to control field slugs (*Deroceras reticulatum*) in Brussels sprouts. BCPC Proceedings no. 80, Canterbury, In: *Slugs & Snails: Agricultural, Veterinary & Environmental Perspectives*, 313-318.

Ester, A. and K. van Rozen. Effect of Nemaslug®, salt or carvone on the slug damage in green asparagus. *Asparagus Research Newsletter* 19: 10 - 22.

Ester, A., K. van Rozen and A. Hazendonk. Efficacy of pesticides to control *Lehmanna valentiana* (Férussac) in orchids (*Cymbidium*) in greenhouse experiments. In: *Slugs & Snails: Agricultural, Veterinary & Environmental Perspectives*.BCPC Proceedings no. 80, Canterbury. 89-94.

Ester, A., K. van Rozen and L.P.G. Molendijk. Field Experiments using the Rhabditid Nematode *Phasmarhabditis hermaphrodita* or salt as biocontrolmeasures against slugs in Green Asparagus. *Crop Protection* 22: 689 – 695.

**2002**

Ester, A. and P.M.T.M. Geelen. Integrated control of slugs in a sugar beet crop growing in a rye cover crop. In: *Slug & Snail Pests in Agriculture*. I.F. Henderson (ed.) BCPC Monograph, no.66: 445-450.

Glen, D.M., C.W. Wiltshire, L. Hughes, A. Ester, K. van Rozen, J. Castillejo, J. Iglesias, B. Speiser, J. Coupland and R. Gwynn. The use of slug-parasitic nematodes and other techniques for control of slug and snail damage in horticultural crops. *Brighton Crop Protection Conference Pests & Diseases*, 4B-17: 345 - 350

Permeability of insect nets for spray liquid. *Med. Fac. Landbouww. Univ. Gent*, 65/2b: 969 – 977.

Huizinga, H. and A. Ester. Slakken moeilijk uit spruiten te houden. *Groenten & Fruit* 30: 34- 35

Port, G. and A. Ester. Gastropods as Pests in Vegetable and Ornamental Crops in Western Europe. In: G.M.Barker. (Ed), *Molluscs as crop pests*, CABI, Guildford pp. 337 – 351.

**2001**

J.H.Visser, E. Beerling, C.G. Conijn, A. Ester, M.A. Jongsma, W.J. de Kogel, P.M. Ramakers, R.W.H.M. van Tol en J.J. de Vlieger. Innovaties in de beheersing van plagen.

*Gewasbescherming* 32: 25-30.

**2000**

Rozen, K. van, and A. Ester. Aaltjes lusten naaktslakken rauw. *Groenten & Fruit*. November 10: 4 - 5.

**1996**

Ester, A., P. Geelen and C. Crombach. Efficiënt slakken pakken, zowel biologisch als chemisch. *Boerderij/Akkerbouw*. 81, 9: 18-19.

**1995**

Ester, A. Integrated control of slugs in sugar beet growing in a rye cover crop. *IMMP-Newsletter* no. 4: p. 2.

**1993**

Ester, A. Integrated control of slugs in sugar beet grown in rye as a cover crop. *IMMP-Newsletter* no. 1: 5.
