September

Hjørring 2001

Bad results in '99 & '00, we so called in the pro's...

Hjørring 2001

..and handwatering small plots

Hjørring 2001

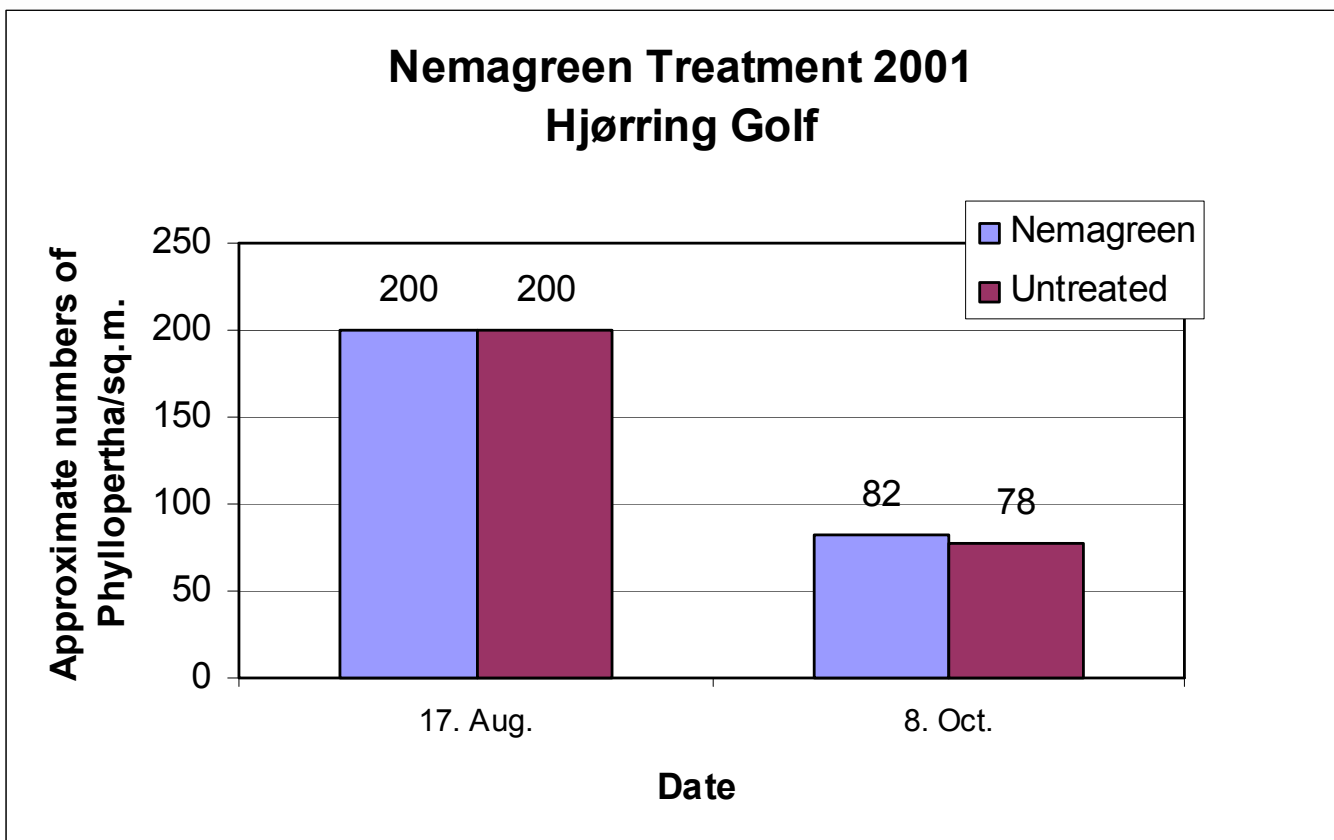

..and Vertidrain

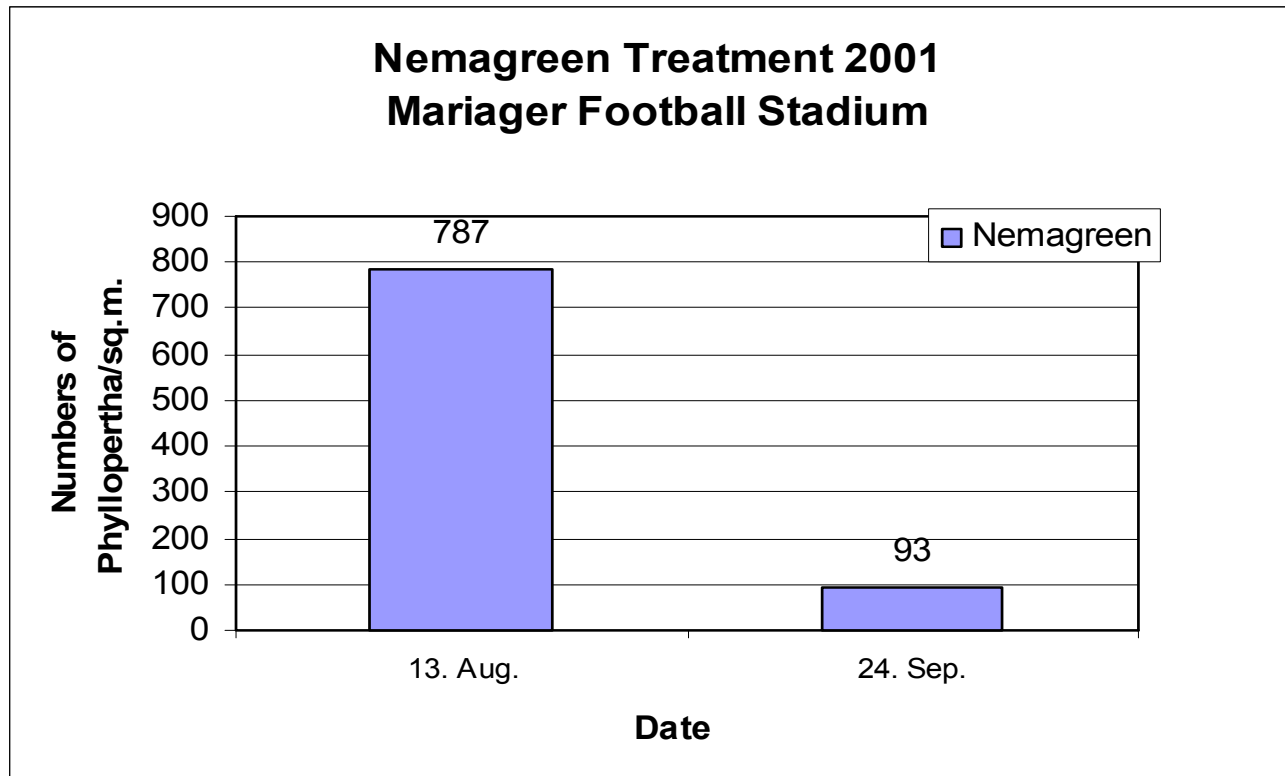

Hjørring 2001

Mariager 2001

Permanent irrigation system
installed

Clues to problems:

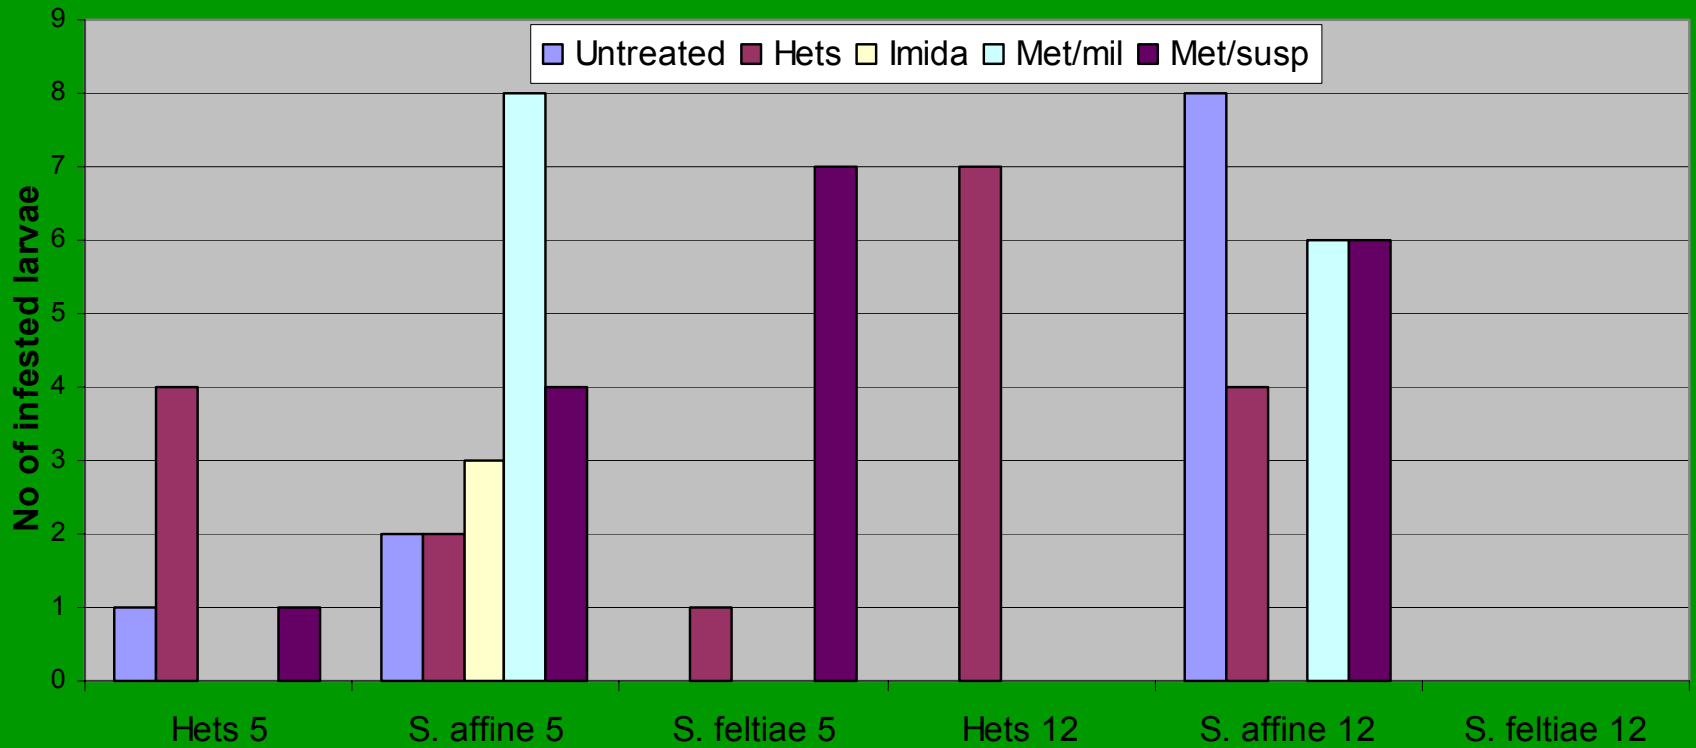

- Application; too little water
- Thatch !

- No permanent irrigation installed
- H. bacteriophora dose not perform well enough

Baiting experiment - hole 5 and 12

Clues to problems:

- Application; too little water
- Thatch !
- No permanent irrigation installed
- H. bacteriophora dose not perform well enough
 - Dispersing in soil and locating grubs
 - Infecting grubs
 - Propagating and redispersing

Future in Denmark:

- Find better nematodes
- Find other microorganisms, preferably cheaper.....
 - Fungi
 - Bacteria
 - Virus

**There are thousands of grubs out there,
some off them must be ill...**
